

## Assistant Consultant Intensive Care Unit -(ICU)

[Apply Now](#)

Company: Antal International

Location: Jeddah

Category: healthcare-practitioners-and-technical

### Job Description

#### **JOB SUMMARY :**

As an Assistant Consultant in the intensive care unit at one of the leading hospitals in Saudi Arabia, your role would involve providing critical care to patients under the mentorship of consultant intensivists. You would participate in the management of critically ill patients, assist with procedures and interventions, and contribute to the seamless functioning of the ICU team. Your dedication to learning and excellence in critical care medicine would support the hospital's commitment to delivering exceptional critical care services.

#### **MAIN DUTIES AND RESPONSIBILITIES**

Demonstrate advanced clinical skills in the **Intensive Care** field.

Manage complex medical cases independently.

Provide leadership in delivering high-quality patient care.

Supervise and mentor junior medical staff and residents.

Contribute to the training and development of medical teams.

Collaborate closely with consultants and specialists in multidisciplinary teams.

Offer expert consultations on challenging medical cases.

Engage in clinical research activities.

Contribute to academic programs, teaching, and training initiatives.

Participate in quality improvement initiatives.

Implement and adhere to evidence-based medical practices.

Assume leadership responsibilities within the medical department.

Contribute to decision-making processes related to patient care and departmental policies.

Pursue continuous professional development and stay abreast of advancements in the medical field.

Attend conferences and workshops to enhance knowledge and skills.

Advocate for patient rights and welfare.

Ensure a patient-centered approach in medical care.

Ensure compliance with hospital policies and regulations.

Lead and participate in emergency medical responses.

Provide expertise in critical and urgent medical situations.

## **REQUIRED QUALIFICATIONS**

### **Education :**

Graduate from a medical school of good standing.

Completion of required period of training in Intensive Care and/or Subspecialty

Saudi Arab or American /Canadian/French/European Board Certification or equivalent.

Membership and/or Fellowship status in America and/or Europe or their equivalent and fulfilling the criteria for Senior Registrar as required

A certificate recognized by the Saudi Commission is a must

Dataflow is a must.

### **Professional Experience**

+2 years experience after certification.

A registered member of the Saudi Board Council is preferable

### Language

Proficiency in English; additional proficiency in Arabic may be beneficial.

### References

Positive professional references attesting to the candidate's skills and ethical conduct.
