Civil Engineer

[Apply Now](#)

Company: MENA Executive

Location: Saudi Arabia

Category: other-general

Our client, a large international real estate development company, is seeking a Civil Engineer to support projects near Dammam. Duties-----

- Ensure that all aspects of the construction project under your responsibility - from ground works and foundations to final finishes - are completed within cost and time constraints and to client specifications.
- Oversee the actual construction on the ground and work in conjunction with consulting engineers.
- Liaising and working jointly with the design team (consulting engineers) to implement refinements.
- Negotiating modifications with architects and consulting engineers.
- Dealing skillfully with a diverse range of people including clients, architects, other engineering professionals, and sub-contractors.
- Taking responsibility for health and safety on site.
- Making judgments and solving problems.
- Supervising construction.
- Dealing with the logistics of supplies.
- Scheduling work.
- Providing appropriate plans for construction.
- Monitoring the provision of materials.
- Liaising with and directing the work of sub-contractors employed on the project.
- Ensuring quality of workmanship.

Requirements-----

- Bachelor's degree in Civil Engineering from an accredited university.
- A good understanding of design and construction processes as well as of health and safety issues.
- Experience with drafting software and schematics.
- Excellent interpersonal communication skills to understand the clients' desires.
- Fluent in English.
