Consultant Anaesthesia opportunity – King Abdulaziz Medical City, Jeddah

Ash International is pleased to announce that we will be facilitating the recruitment for this position on behalf of the prestigious Ministry of National Guard Health Affairs (MNGHA) when they come to London in February 2024. This position is for their flagship hospital in Jeddah, King Abdulaziz Medical City and they will be hosting in-person interviews in central London.

This initiative is mainly to enhance the workforce of their facilities by recruiting an experienced and qualified **Consultant in Anaesthesia**.

We will be conducting these interviews **on Saturday 24th and Sunday 25th February between 10am – 5pm**

Ministry of National Guard Health Affairs (MNGHA)

MNGHA is a government funded health system which is affiliated with the Ministry of National Guard, and the Saudi Arabian National Guard. They have major facilities throughout the major regions of the Kingdom and are viewed as one of the best employers in the Middle East.

Being a government organisation, MNGHA has many similarities to working in the UK and therefore we always recommend it as the perfect place for a doctor who's familiar with

the NHS to join, especially if it's your first time working in Saudi Arabia. They have a forty-hour working week split over five days, offering an excellent balance between work and family as well as similar responsibilities and departmental structure that you would be used to making the transition more seamless for both you, and your family.

You will be housed in a compound with the required amenities and facilities for you and your family to enjoy, as well as being close to all the opportunities that Jeddah has to offer for your leisure time.

They offer excellent benefits which includes free fully furnished housing in a western compound, free flight tickets, an educational allowance for your dependents, free healthcare for you and your dependents and more. They also offer above market rate salaries and combined with the generous benefits makes for a very favourable package.

King Abdulaziz Medical City

Located in the metropolitan city of Jeddah, KAMC originally opened in 1982 with a capacity of 751 beds, boasting 10 departments and a variety of specialised services. The facility offers primary, secondary, and tertiary care to MNGHA personnel, civilian employees, their dependents, and VIP patients within the western region.

KAMC Jeddah has a large focus of disease prevention, and provides specialist care in Anaesthesia & ICU, Cardiopulmonary Services, Oral & Dental Surgery, Emergency Medicine, Medical Imaging, General Medicine, Obstetrics & Gynaecology, Paediatrics, and different types of Surgery.

It is also home to a state-of-the-art Oncology Centre opened in 2001 with Medical Oncology and Paediatric Oncology as the focus. Subsequent developments have expanded services to include Bone Marrow Transplantation, Brachytherapy, and a variety of Outreach Programs.

Jeddah

Jeddah is a modern, metropolitan port city in the Makkah region of Saudi Arabia, located along the stunning red sea coastline. With beautiful beaches, green corniches, luxurious shopping malls and restaurants, Jeddah is the commercial centre of Saudi Arabia offering numerous leisure activities and social opportunities, with ever expanding facilities such as the Jeddah Waterfront which was built in 2017. Jeddah also has numerous sporting facilities and huge swathes of land for walking, cycling and other recreational activities.

Given the continual care and investment put into not only maintaining but improving every aspect of life in Jeddah, it makes a fantastic place to live not only professionally but

also personally for you and your family.

The interviews

We will be conducting the interviews on **Saturday 24th and Sunday 25th February 2024 from 10am-5pm**. These interviews will be face-to-face with a delegation of representatives from MNGHA including directors, senior management, doctors, and HR personnel.

The interviews will take place in Central London and the location and further details will be provided upon successful application.

Specialties and Qualifications required.

To be considered for this position, you must meet the minimum regulations of the Saudi Council for Health Specialties requirements which is listed below.

Please note that any applications not meeting these criteria will not be considered.

CONSULTANT REQUIREMENTS FOR ALL PHYSICIAN AND SURGEON POSTS

Minimum of 3 years Consultant experience

Minimum of 3 years post UK CCT or equivalent western qualification

Minimum of 5 years post UK Specialist registration/CESR

Final note

If you are interested in this opportunity, and would like to find out more, please make an application and attach an updated copy of your CV. Once you have made an application, we will have received it and will get back to you as soon as possible.

Please note that if you cannot attend the interviews in person, your application will not be successful. We will not be conducting any virtual interviews on these dates.

We look forward to hearing from you.

The Ash International Team.
