

Logistics Manager

[Apply Now](#)

Company: Agroshipping LLC (Dammam)

Location: Saudi Arabia

Category: other-general

Job Summary

In this role, you will have multiple warehousing facilities, owned and 3PL Fleet and regional network-wide responsibility. Responsible for all physical distribution activities typically including inventory control, warehousing, transportation, fleet operations, and logistics planning as well as Import/Export Logistics. Provides leadership role with Supply Chain peers, local sales force and Customer Service in solving issues & developing programs.

What's in it For You

- The opportunity to take on some of the world's most meaningful challenges, helping customers achieve clean water, safe food, abundant energy and healthy environments
- The ability to make an impact and shape your career with a company that is passionate about growth
- The support of an organization that believes it is vital to include and engage diverse people, perspectives and ideas to achieve our best

What You Will Do

- Ensures company's Safety standards in Fleet operations and operational excellence standards of Zero-Defect Delivery (ZDD)
- Interfaces with local and regional Supply Chain functions with limited direction.
- Provides leadership role with local sales management, customer service and customers in solving issues and developing programs.
- Partner with Procurement, Regulatory Affairs and Finance functions to optimize Logistics, Fleet

and warehousing operations

- Manages international shipping / receiving process, working with Freight forwarders and Brokers to ensure proper documentation is completed to meet all government regulations.
- Communicates & reinforces Logistics plans. Maintains clear communication & close co-operation with Customer Service, Materials Planning, Manufacturing, & major suppliers/vendors. Works with Quality, Planning, Manufacturing, Carriers & Customers to proactively avoid & resolve quality & service issues relating to logistics.
- Coordinates operational redesign projects to improve performance & meet customer needs. Generates & implements innovations for logistical competitive advantage that improve performance. Implements Lean concepts & practices.
- Monitors fixed assets & coordinates implementation of approved CARs. Focus on continuously improving year over year performance against metrics.

Minimum Qualifications

- Degree in Business, Engineering or Transportation plus
- 10+ years of experience in Logistics, Warehousing, Fleet operations and inventory management
- SAP Knowledge
- CSCP or CLTD certification is a plus
