

Saudi Arabia Jobs Expertini®

Movement Disorder Neurology Consultant

[Apply Now](#)

Company: Antal International

Location: Saudi Arabia

Category: healthcare-practitioners-and-technical

Job Description

Shape the future of movement disorder care in renowned hospitals across Saudi Arabia and the Middle East. This unique opportunity empowers you to leverage your expertise in diagnosing, treating, and improving the lives of individuals facing Parkinson's disease, tremor, dystonia, and other movement disorders.

Must have recent experience of working in the UK/Europe/USA/Canada/Australia/NewZealand

About the Opportunity:

Join the dedicated team and:

Offer comprehensive care for a wide spectrum of movement disorders, utilising advanced diagnostic tools and therapeutic approaches.

Empower patients through patient education, counselling, and personalized treatment plans.

Lead multidisciplinary teams, collaborating with neurologists, neurosurgeons, and other specialists.

Stay at the forefront of the field by participating in research and exploring innovative therapies.

Make a profound impact on the lives of patients and their families by alleviating symptoms and improving quality of life.

Responsibilities:

Conduct thorough assessments, utilising clinical expertise and advanced diagnostics like DBS programming and botulinum toxin injections.

Design and implement individualized treatment plans, including medication management, deep brain stimulation (DBS), and other therapies.

Participate in multidisciplinary case discussions and collaborate on optimal treatment strategies.

Actively engage in research activities, potentially leading to publications and presentations.

Contribute to educating residents, fellows, and other healthcare professionals in movement disorders.

Advocate for awareness and understanding of movement disorders within the community.

Qualifications:

Board-certified or equivalent in Neurology with subspecialty training in Movement Disorders from Europe, UK, USA, Canada, Australia, New Zealand, or South Africa.

Minimum of 5 years of experience in a busy movement disorders clinic with demonstrably good patient outcomes.

Proven expertise in diagnosing and treating a wide range of movement disorders.

Excellent communication, collaboration, and leadership skills.

A patient-centred approach and commitment to holistic care.

Fluency in English is mandatory; Arabic language skills are a plus.

The Offer:

Competitive tax-free salary and benefits package.

Relocation assistance and support.

Paid malpractice insurance and annual leave.

Opportunities for professional development and research collaboration.

Modern and well-equipped neurological facilities.

The chance to make a significant difference in the lives of patients and their families by offering hope and improved quality of life.

To Apply:

Submit your CV to be reviewed and invited to a pre-screen via Teams.

Only shortlisted candidates will be contacted.
