

Site Acquisition Manager - Telecoms

[Apply Now](#)

Company: Saudi Networkers Services

Location: Saudi Arabia

Category: other-general

Job Description :

Manage site acquisition of the network (roof top/ green field/IBS...) sites in order to identify and finalize appropriate locations which complies with the functional / capacity requirements.

Ensure alignment of site acquisition functions within Site Implementation and other internal and external departments that are needed for the delivery of department functions.

Manage and work closely with service owners and contractors/vendors/Municipalities/Owners to finalize the location and fulfil the necessary contractual obligations.

Review various site models such as roof tops / green field /RDS/RDV vs. locations and evaluate related requirements such as regulations in order to plan the implementation of the site acquisition.

Discuss the site layout changes required by the site owners and specify the details to Site design for implementation in the respective site design perspective.

Evaluate and select vendors who will assist in the identification and finalization of appropriate sites based on the capacity requirements and technical specifications.

Ensure detailed documentation of the site acquisition which includes the lease agreements and permits. Handover all services/sites/documents to Admin/Finance to continually carry out the remaining works/processes.

Provide periodic updates / reports on the site acquisition process.

Perform other duties as required by the higher levels of supervision.

Contribute to the achievement of the strategic objectives of the sector through performing own responsibilities and coordinating direct reports performance.
