

## Sr. Architect Engineer (EOI)

[Apply Now](#)

Company: JASARA Program Management Company

Location: Saudi Arabia

Category: other-general

JASARA PMC is currently seeking a talented and experienced Senior Architect Engineer to join our team. As a Senior Architect Engineer at JASARA PMC, you will be responsible for overseeing and managing architectural design projects from concept to completion. You will collaborate with clients, consultants, and interdisciplinary teams to develop innovative and sustainable architectural designs that meet project goals and objectives.

In this role, you will be responsible for leading the design process, including concept development, design coordination, and construction documentation. You will review and evaluate design proposals, ensure compliance with building codes and regulations, and make recommendations for design improvements.

If you are a highly motivated and skilled architect engineer with a passion for design and a focus on delivering exceptional results, we would love to hear from you.

### Requirements

Bachelor's degree in Architecture or a related field

Minimum of 10 years of experience in architectural design and engineering

Experience on construction sites Governmental/semi-government with professional knowledge and direct management The following specializations: Site Engineering

and Project Control Environment, Health, Safety, Contract Management and Quality.

Sign up Professional in applying continuous improvement on site and building support Capacity/talent development in construction work.

Proficiency Arabic and English spoken and written
