Company: Crystel

Location: Riyadh

Category: other-general

Job Description and Requirements

Job Overview

We are currently looking for experienced STEAM (Science, Technology, Engineering, Art and Math) teachers to join our team to provide STEAM camps and programs. This position requires love, patience, and respect for children. The STEAM teachers coordinate the program and ensure the program environment is a safe space for children to participate. STEAM teachers report directly to the Program Coordinator. STEAM teachers will serve as a role model for the Academy's value and mission. The role will include the supervision and mentoring of part-time instructors from high-school to post-secondary students and graduates. This is a fully in-person position taking place at our state of the art facility.

Our Ideal Candidate:

Experienced in classroom management

Experienced in teaching subjects such as coding, robotics, engineering and sciences in general.

Excellent organizational and planning skills and familiar with the global standard Curriculums (inquiry-based, Cambridge, IB, AP, etc.)

Comfortable communicating with parents, students, and co-workers

Able to design and implement fun, exciting, and high-impact lessons and experiences with a focus on hands-on learning.

Job Responsibilities:

Lead small groups of students through curriculum-guided activities and programs

Manage student behavior in the classroom by establishing and enforcing rules and procedures

Encourage and monitor the progress of individual students and use information to adjust teaching strategies

Supervise the classroom, help the children think creatively, to solve problems independently and respect themselves and others

Adequately prepare for each program by reading curriculum, watching training videos and/or participating in face-to-face training sessions

Work in a team to develop hands-on projects and lessons relating to topics in science, technology, engineering, arts and math

Act as the team “expert” in the middle and high school curriculum

Review and revise existing programs and lesson to align with current curriculum

Lead and guide a group of instructors, sharing best teaching practices and curriculum knowledge

Help create new projects and lesson plans

Instruct programs and activities

Qualifications:

2 or more years of experience working with children in a classroom or camp environment

Experience with STEM/STEAM programming

Teachers pursuing a degree in education will also be considered for this position

Demonstrated experience of leadership skills and a high level of classroom management as well as conflict resolution skills

Strong organizational skills and multitasking abilities

Understanding of child and youth engagement techniques

Demonstrates knowledge/understanding of diversity

Job Requirements:

Current Teachers certification/designation from British, American or Canadian accreditors.

Experience create lesson plans linked to curriculum goals

Valid Standard First Aid with CPR-C or willingness to obtain

Experience with and passion for building, making, robotics, coding, and/or graphic design are considered an asset

Job Types : Full-time, Permanent, Fixed term contract

Job Location Riyadh, Saudi Arabia

Contract length: 2 years renewable

Salary & Benefits Competitive (negotiable depending on credentials)

Start Date: ASAP

Please attach a cover letter to your application (or type below) that discusses your experience working on similar projects, as well as any experiences you have working with and/or teaching young children.
